von Kari Robertson

Produktion: EIG 2019, 22 Minuten

Hermits wear boxes of Kleenex on their feet instead of shoes and keep plastic trolls in the sofa, birds bring them bread, they count their days with potatoes, they live inside their own grave, naked and hairy or wear woven coats of camel hair.

Glass Enclosed is an epic, solitary incantation performed by one voice. Its points of departure are the 'Ancrene Wisse' and 'Speculum Inclusorum'
